

NEW CREDIT CARD PROCESSING

Introduction

Over the next few weeks we will be transitioning the credit cards from the current UMB Visa cards to Commerce Bank Visa cards. This change is in response to bank services being bid out last year and Commerce Bank winning the bid. This training is designed to assist in the transition to make it as smooth as possible.

Differences

UMB

- Building Card
- Multiple users per card
- Reconciled on a monthly basis
- Reconciled on paper
- Paper submittal for approval
- All requisitions created using UMB vendor

- Did not identify on Keystone requisition a credit card transaction
- Original statement, receipts and other supporting documentation sent to Accounts Payable

- No signed agreement

Commerce

- Card in individual name
- Single user per card
- Reconciled on a weekly basis
- Electronic reconciliation
- Electronic submittal for approval
- Requisitions will be to the individual vendors, with exception of P-Card Meals, P-Card Gas, P-Card Tolls and P-Card Taxi
- Identify on Keystone requisition with Via "C" credit card transaction
- Electronic documentation will be used by Accounts Payable, originals will stay with Site Credit Card Processor (Bookkeeper)
- Signed agreement and Credit Card Procedure Manual

Keystone

There is a change in the requisition entry in Keystone as a result of the transition from UMB Visa to Commerce Bank Visa. This will affect **all** requisitions regardless if it is for a credit card purchase or a normal purchase order. When entering a requisition you will no longer be able to tab through the "Via" option, it is now a required field. (see screen shot below) When entering a requisition for a credit card transaction you **must select "C"** or you will have to cancel and redo the requisition. For transactions other than credit card please select the appropriate action you want to take place.

- Y - yes print
- N - do not print
- F - fax
- E - email
- T - transmit file
- C - credit card

The screenshot shows the 'Purchase Order Requests' window in the Keystone system. The 'Via' dropdown menu is highlighted with a red circle and contains the value 'C'. The form includes fields for:

- Req #: 258740
- Date Needed: [empty]
- Requested By: A15635
- Vendor: 003498
- Address: 15992
- Req Dept: 119
- Business/Benefits Office: [empty]
- Ship To: 119
- Business/Benefits Office: [empty]
- Invoice To: [empty]
- Work Order ID: [empty]

 The bottom of the window shows a table header with columns: Qty, Description, Budget, Total Amt, Status.

Must be populated

Maintaining Transactions

Maintaining Transactions is the process of viewing your individual transactions and reconciling them. This is where you will verify charges, amounts, add the PO number and upload receipts to each transaction. The following screen shots will show the steps to reconcile a transaction:

← Click to add PO number - this will bring up a list of open valid credit card PO

Save Reset Cancel

- Click the PO from the list. If the PO number does not show up on the list you did not select Via "C" on the requisition and you must cancel and redo the PO.
- Once the PO has been selected, if the PO has multiple lines, you will need to add a -1 or -2 to the end that will correspond with the line item on the Keystone PO.

Creating an Envelope

Creating an Envelope is the next step in getting the credit card transactions approved. An envelope is a group of transactions that have been reconciled and have receipts attached. Once the envelope has been created it will then be submitted to the appropriate approver. The following screen shots show the steps to create and submit an envelope:

Date

Once you have printed and saved the envelope you will need to submit it so it will be sent to the appropriate approver by clicking

Note: Only submit if the envelope is your credit card transactions. If you are reconciling on behalf of the principal or department head **do not** submit. In those instances you will save the envelope and send an email to the cardholder letting them know an envelope has been created and they need to submit it.
