MATH GAMES

PLACE VALUE

Grab a container of inexpensive shaving cream. Spray it on a cooking pan and practice writing your numbers from 1-120.

Have an addition or subtraction egg hunt. Fill plastic eggs with a combination of addition and subtraction equations.

PROBLEM SOLVING

Write some spring word problems using both addition and subtraction. Have different members of your family solve them.

NUMBER DETECTIVES

Find a box of sidewalk chalk. Go outside to your patio or driveway and practice counting down from 20-1. Make sure your numbers are formed correctly.

MATH AROUND US

Listen to [Jack Hartmann's Money Song](#) on YouTube. Once you have finished practice naming and saying the value of each coin with a person in your home.
