Describing Attributes

May 4, 2020

Early Childhood Special Education Math

Lesson: May 2020

Learning Target:

Students will be able to describe attributes about a flower.

Let's Get Started: [Learn Flower Names](#)

Students will develop an understanding of how to describe attributes of a flower.

Flowers have many attributes...

- Color
- How many petals
- Size

Take a look at these for example.
Do you notice any differences?

Practice:

What color are the flowers?

Geranium

Sunflower

Practice:

How many petals are on these flowers?

Daisy

Geranium

Practice:

Which picture has more flowers?

Geraniums

Daisies

Rose

Activity:

Talk about the attributes of this flower.

- What color is it?
- How many petals does it have?
- What size is it?

Impatiens

Extension:

Have your child draw a picture of a flower and describe its attributes.

My Flower is Red.

It has 5 petals.

It has 3 green leaves.

It has a stem.

It is big.

Self Check:

Check your students responses

1. Was this lesson?

☐ easy

☐ just right

☐ hard

2. Ask your child what their favorite flower is.
