Size Comparisons

May 8, 2020

Early Childhood Special Education Math Lesson: May 2020

Learning Target:

Students will understand the concepts of size comparison such as small, medium, and large.

Let's Get Started:

Watch Video: [Size - Small, Medium, and Large - To do Math Stories](#)

Practice:

Which one is small?

Practice:

Which one is medium?

Practice

Which one is large?

Activity:

Sort objects by small, medium, and large at home.

-Items to use - fruit, vegetables, cereal boxes, cups, plates, etc.

Self Check:

Check student answers.

1. Was this lesson?

- easy
- just right
- hard

2. Ask your child to sort their stuffed animals.
