ECSE

Sorting by Size

May 15, 2020

Early Childhood Special Education Math

Lesson: May 15, 2020

Learning Target:

Students will learn to compare and sort by size.

Let's Get Started: [Sorting by Size: Khan Academy](#)

Practice:

Point to the large fish.

Practice:

Point to the large shell in this picture.

Practice:

Which fish is small in this picture?

Practice:
Which sand castle is large?

Practice:

Look at these shells.
Some are small and
some are large.

Can you point to all of
the large shells?

Can you find all of the
small shells?

Practice:

Now the shells are sorted by size. The large ones are on one side and the small ones on the other.

Activity:

Play this game and imagine that your are at the beach.

Build a Sand Castle game

Self Check:

Check your students responses

1. Was this lesson?

Easy

Just right

Hard

2. Ask your child what tools they would need to build a sandcastle?
