

Math Virtual Learning

**Early Education**

**Color Sorting**

April 07, 2020

Early Ed Math  
Lesson: 4/7/2020

**Learning Target:**  
Students will sort objects by various colors.

**Let's Get Started:**  
Watch Video: [Color Song](#)

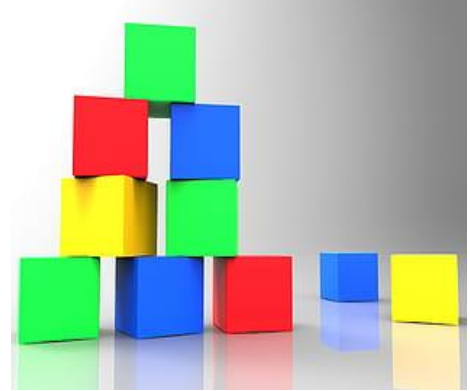

Practice:  
Let's name the colors we see.

Blue  
Green  
Orange

Orange  
Red

Green  
Yellow  
Red

# Activity:

## Color Sorting

**Materials needed:** Box, several items that are varying colors that can fit inside

1. Place items of varying colors in the box.
2. Encourage student to take them out of the box and name each color.
3. Have the student place like colored items into separate piles.

Another way to play is placing items in the box that are the same and/or different and encourage the student to explore the items and talk about how they are the same or different.
