Play Dough

April 10, 2020

Early Ed Art

Lesson: 4/10/2020

Learning Target:

Students will explore different materials and tools with play dough.

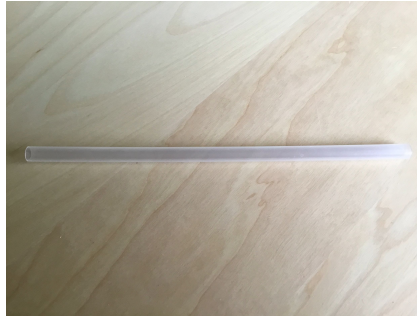

Let's Get Started:

Watch Video: [How to Make Play Dough](#)

Practice:
Point to tools and ask your student to name each
one.

A measuring cup

A straw

A rock

Activity:

Tools with Play Dough

Materials needed: 1 Cup Flour, ½ Cup Salt, 1/2 Cup Water. Food Coloring Optional

1. Mix ingredients together slowly and stir.
2. Ask your child:
 - How does it feel? What does it smell like? What does it look like?
 - Can you roll it? Can you pound it? Can you make it into a ball?
3. Give your child the tools. Watch how they use the tools with the dough. Comment on what they do. Example: "You pushed the rock into the dough."

Another way to play is to provide different objects: silverware, cookie cutters, or small cars.
