Early Ed Math  
Lesson: 4/17/2020

**Learning Target:**  
Students will explore stacking objects.

**Let's Get Started:**  
Watch Video: [Stacking Blocks Way Up High](#)

# Practice: Let's get stacking

How high can you  
stack blocks?

How high can  
you stack  
cans?

How high can you  
stack cans?

# Activity:

## Stacking blocks or other items

**Materials needed:** Several blocks, or other household items that will stack.

1. Collect several blocks or other items for stacking such as cups, can goods, boxes.
2. Stack the items for your child.
3. Have your child stack items.
4. Use positional words such as:
  - a. Above
  - b. On top
  - c. Below
  - d. Beside
  - e. Next to

Another way to play is counting the items that your child stacks. 1, 2, 3, 4, 5, 6,...
