Washing Baby Dolls

May 06, 2020

Early Ed Science

Lesson: 05/06/2020

Learning Target:

Students will explore water and soap.

Let's Get Started:

Watch Video: [Bath Song](#)

Practice:

Talk about the objects used to take a bath. Ask your child to tell you what it is and what to do with it.

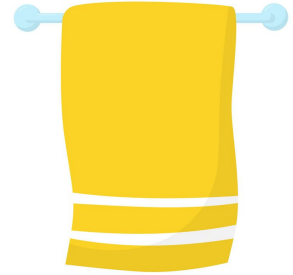

Soap-
Clean your body
off

Bathtub- where I
take my bath

Shampoo- I
wash my hair
with

Towel- I dry
my body off

Activity:

Washing Baby Dolls

Materials needed: baby doll, small container, water, washcloth, bath soap, small towel

1. Put water a few drops of soap in a container.
2. Ask your child:
 - a. What happens when the soap mixes with the water?
 - b. Why do we use soap?
3. Let your child wash the baby. Talk about how water cleans off germs and makes the baby clean.
4. Dry baby doll off with a towel.

Another way to play is to wash other toys in the house.
