Early Ed Art
Lesson: 05/12/2020

Learning Target:
Students will smash ice cubes.

Let's Get Started:
Watch Video: [The Hammer Song](#)

Practice:

What is this tool called?

Hammer

What is this tool called?

Rubber mallet

Activity:

Ice Cube Smash

Materials needed: hammer or rubber mallet, ice cubes

1. Dump a tray of ice cubes on the driveway or sidewalk.
2. Give your child a hammer or mallet and let them smash the ice cubes.
3. Ask your child,
 - a. What happens when you smash the ice cube?
 - b. Does it get bigger or smaller?
 - c. Why does the ground get wet from the ice?

Another way to play is to put a drop of food coloring in the water before freezing the ice; colored ice cubes to smash.
