

Math Virtual Lesson

Early Education Shape Identification April 6, 2020

Pre-K Math Lesson: 04/6/2020

Learning Target: Students will match shapes and name them.

Let's Get Started: Watch Video: <u>Shapes Song</u>

Practice: Let's look at some shapes

What shape do you see?

Square

What shape do you see?

Triangle

What shape do you see?

Circle

Activity:

Shape Discrimination Game

Materials needed: items of various shapes from around your home (snack pieces, different-shaped toys or objects), muffin tin (or other compartmented item) for sorting

- 1. Select items of various shapes and present to your child.
- 2. Provide a compartmented tray for holding small collections of presented items.
- 3. Ask your child to put objects that are the same shape together in different compartments of the tray.
