

Math Virtual Lesson

Early Education
Number Operations

April 17, 2020

Pre-K Math
Lesson: 04/17/2020

Learning Target:

Students will be able to count to identify how many squares there are.

Let's Get Started:

Watch Video: [How many?](#)

Practice:

How many squares are there?

Practice:

How many squares are there?

Activity:

How Many?

Materials needed: Colored paper, scissors

1. Have your child cut out as many squares as they would like of different sizes and colors.
2. Lay out varying amounts of squares and ask them
 - a. How many squares are there?
 - b. How do you know?
3. Repeat with different amounts in different orders (straight line horizontal, straight line vertically, 2 rows, 3 rows, etc...)
