Worms

April 20, 2020

Pre-K Science
Lesson: 04/20/2020

Learning Target:
Students will investigate worms.

Let's Get Started:
Watch Video: [Herman the Worm](#)

Practice:

Look at the picture below.
Can you identify where worms live?

Activity:

Wiggle Worm Sensory Bin

Materials needed: dirt or mud and cooked spaghetti noodles or fake rubber worms

1. Put dirt or mud in a bin.
2. Add spaghetti noodles or worms.

Another way to explore would be creating “Mud Goop.” You can make muddy goop by adding one part unsweetened cocoa powder to 3 parts cornstarch and water to desired consistency.
