# Early Education

# Shapes

April 20, 2020

Pre-K Math  
Lesson: 04/20/2020

**Learning Target:**  
Students will identify and create shapes.

**Let's Get Started:**  
Watch Video: [Shapes for Kids by: Jack Hartmann](#)

**Practice:**  
Name these shapes.

# Activity:

## Shoelace Shapes

**Materials needed:** Paper, marker, 20 inch shoelace or string

1. Draw a shape or lines.
2. Have your child trace their shape with the shoelace/string.
3. Ask your child:
  - a. What shapes did I draw?
  - b. What do you notice about the lines?
4. Continue the activity drawing different shapes and lines.
5. Have your child draw shapes and lines.
6. Ask your child:
  - a. What lines did you draw?
  - b. What shapes did you draw?
  - c. How are the shapes you drew different?
  - d. How are the shapes you drew the same?

Another way to create shapes is to soak yarn in glue and let it dry on a piece wax paper.
