## Practice:

Trace the letters below. Which letters have curved lines and which ones have straight lines? Do any have both?

# Activity:

## Mess Free Letter Writing

**Materials needed:** Gallon size baggie, paint, heavy duty tape

1. Put some paint in a gallon size baggie. Make sure you don't overfill it.
2. Lay baggie on a flat surface and tape the two sides on the baggie down. One of the sides should be the one with the seam.
3. Using your finger write different letters on the baggie.

Another way to use the paint bag is to create drawings or write words. You can also use a q-tip instead of your finger.
