Lesson: 04/27/2020

**Learning Target:**  
Students will answer questions about a book.

**Let's Get Started:**  
Watch Video: [Storytime Song](#)

# Practice:

## Look at the picture.

1. What do you think the pig is building?
2. Where do you think he is?
3. How do you think he got up there?

# Activity:

## Picture Walk

**Materials needed:** Storybook

1. Look at the front cover and ask your child:
  - a. What do you see?
  - b. What does the picture tell you about this book?
2. Go through the pages in the book and ask these questions on each page:
  - a. What does the picture in this page tell you?
  - b. What do you think is happening in the story?

Another way to read is to try letting your child lead a picture walk by choosing a book familiar to them. Encourage them to include details when talking about what is happening.
