

Math Virtual Learning

**Early Education**

**Branch Measurement**

April 29, 2020

Pre-K Math  
Lesson: 04/29/2020

**Learning Target:**

Students will show understanding of comparative words.

**Let's Get Started:**

Watch Video: [If I Were A Tree](#)

# Practice:

Point to the smallest branch. Point to the biggest branch.

Small

Big

Biggest

# Activity:

## Branch Measurement

**Materials needed:** branches

1. Go on a nature walk and collect branches.
2. Have your child lay out their branches.
3. Ask your child:
  - a. What size branches do you see?
  - b. Which one is the longest?
  - c. How do you know?
4. Have your child lay out their branches from shortest to longest.
