

Art Virtual Learning

Early Education

Tie Dye

May 1, 2020

Pre-K Math

Lesson: 05/01/2020

Learning Target:

Students will create art using different tools.

Let's Get Started:

Watch Video: [The Color Song](#)

Practice:
What colors do you see?

Activity:

Tie-Dyed Paper Towels

Materials needed: Paper towels, ice tray filled with water; eye dropper, food coloring; paper and pencil

1. Fill up ice tray with water and have your child put food coloring in it.
2. Have your child use the ice dropper to drop colored water onto the paper towel.
3. As your child creates, ask them:
 - a. What do you see?
 - b. What happened when those colors mixed?
 - c. How could you make (different colors)?
 - d. Tell me about your picture.
