Silly Putty

May 1, 2020

Pre-K Science

Lesson: 05/01/2020

Learning Target:

Students will observe objects and events and make simple predictions.

Let's Get Started:

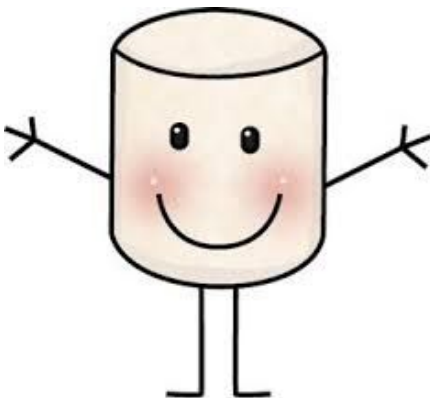

Watch Video: [Icky Sticky Bubble Gum](#)

Practice:

Think about how each of these things feel.

Spoon

Marshmallow

Ice

Activity:

Making Silly Putty

Materials needed: a bowl, a towel or newspaper, cornstarch, dish soap and a spoon.

1. Watch the video: [How to Make Silly Putty](#).
2. Pour a small amount of cornstarch into a large bowl.
3. Slowly mix in dish soap with a spoon or your hands.
4. Ask your child questions:
 - a. What is happening to the cornstarch?
 - b. Why do you think it's not powdery anymore?
 - c. How does it feel?
