Counting Legos

May 05, 2020

Pre-K Math

Lesson: 05/05/2020

Learning Target:

Students will count and create lego towers.

Let's Get Started:

Watch Video: [Counting with LEGOS](#)

Practice:

How many legos do you see?

Activity:

Counting with Legos

Materials needed: Paper, marker, legos

1. Create number cards:
 - a. Cut out small squares.
 - b. Write the numbers 1-5 on them.
2. Lay the cards down in order.
3. Have your child build lego towers to match the value with the number.

Another way to play is to substitute legos for toy cars, fruit, and buttons.
Also, have your child practice counting to ten.
