Early Education

Birds

May 11, 2020

Pre-K Science
Lesson: 05/11/2020

Learning Target:
Students will use senses to describe.

Let's Get Started:
Watch Video: [Bird Song](#)

Practice:
Point to the wings, beak, eye, tail & feet.

What is the bird in the middle eating?

Activity:

Bird observation

Bird Sounds

Materials needed: Paper and writing tools.

1. Have your child listen to noises outside.
2. Look for a bird in your yard. Is it on the ground or in a tree?
3. Ask your child:
 - a. What is the bird doing?
 - b. How does it sound?
 - c. Can you move like the bird?
 - d. Can you sound like the bird?
4. Using the tools, draw the bird you see.

Another way to play is to throw a piece of bread in yard and watch to see what comes to eat it.
