Pre-K Science  
Lesson: 05/13/2020

**Learning Target:**

Students will use their sense of smell to determine the scent.

**Let's Get Started:**

Watch Video: [Sense of Smell](#)

# Activity:

## Smell Station

**Materials needed:** Variety of scented items (vanilla, cinnamon, garlic powder, lemon, etc...) blindfold, paper, marker/pencil

1. Tell your child:
  - a. We are going to use your sense of smell to explore different items.
  - b. I am going to cover your eyes and have you smell an item and you guess what it is.
2. Have your child smell each item and write down their guess.
3. Remove the blindfold and show your child what the items were and what they guessed.
4. Ask your child:
  - a. How many did you get right?
  - b. What made you guess what you did?
  - c. Were any of the scents familiar?
