Mixing Colors

May 18, 2020

Pre-K Art

Lesson: 05/18/2020

Learning Target:

Students will use skittles to watch how they change and mix colors.

Let's Get Started:

Watch Videos: [Mixing Colors](#)

Practice:
What color do you get if you mix blue and red?

Activity:

Mixing Colors with Skittles

Materials needed: Skittles, plate and water

1. Have your child set skittles of different colors on a plate.
2. Have your child pour water onto the skittles and observe.
3. Ask your child:
 - a. What do you see happening?
 - b. Why do you think that's happening?
 - c. What would happen if we added other colors?
