

Math Virtual Learning

Early Education

Patterning

May 18, 2020

Pre-K Math

Lesson: 05/18/2020

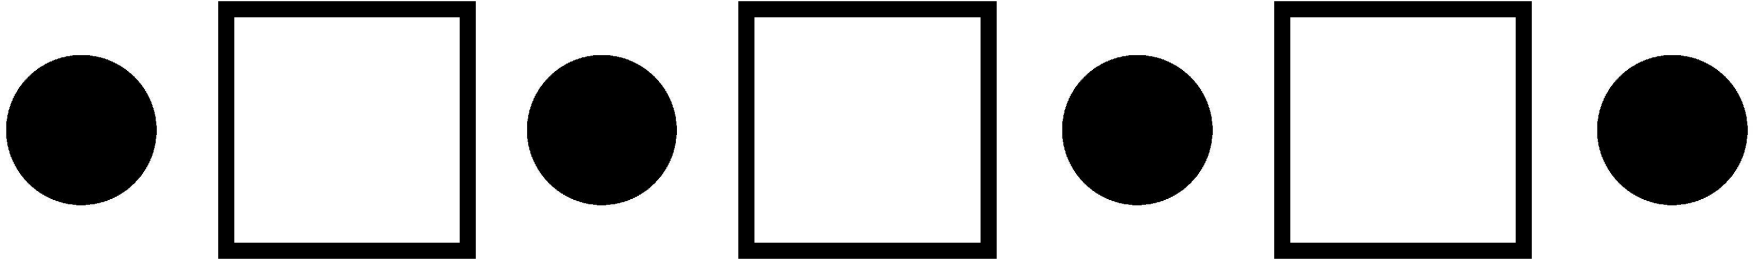

Learning Target:

Students will attempt to create simple repeating patterns.

Let's Get Started:

Watch video: [Patterns](#)

Practice:
Finish the pattern.

Activity:

Fingerprint Patterns

Materials needed: Paper and different colors of paint.

1. Have your child select paint of 2 different colors.
2. Have your child make an ABAB pattern using the 2 colors and their finger.
3. Ask your child:
 - a. What is your pattern?
 - b. What color would go next?
 - c. Can you make another pattern?

Another way to learn is to watch the video: [Patterns With Elmo](#)
