**How many letters can you name?**

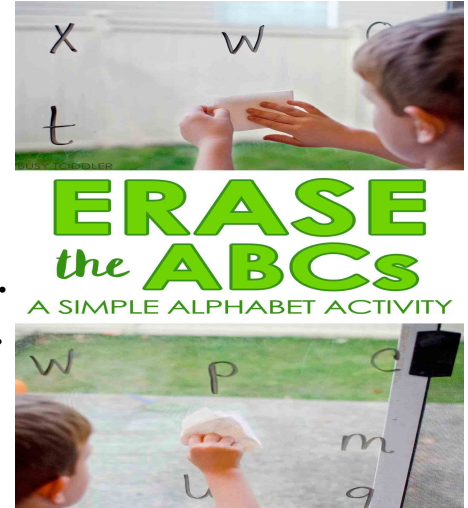

# Activity:

## Erase The ABC's

**Materials needed:** Window, dry erase marker, paper towel

1. Write letters with the dry erase marker on a window.
2. Give your child a paper towel and say:
  - a. I'm going to say a letter. You need to find it and erase it.
3. Continue to call out letters until all of them have been erased.

Another way to play is to write the upper and lower case letters on the window. Call out a letter and have them erase the upper and lower case together.
