Ten Frame

May 21, 2020

Pre-K Math
Lesson: 05/21/2020

Learning Target:

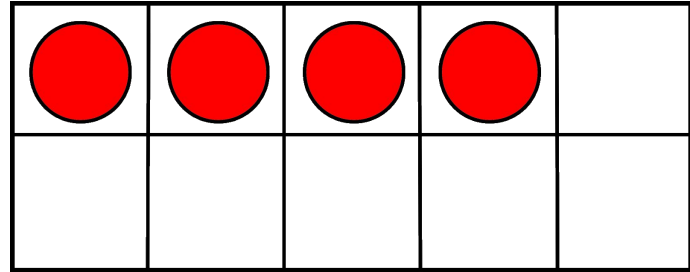

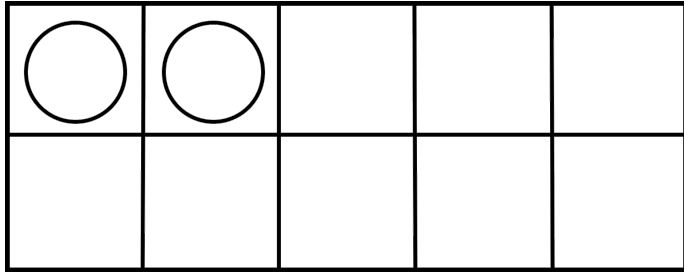

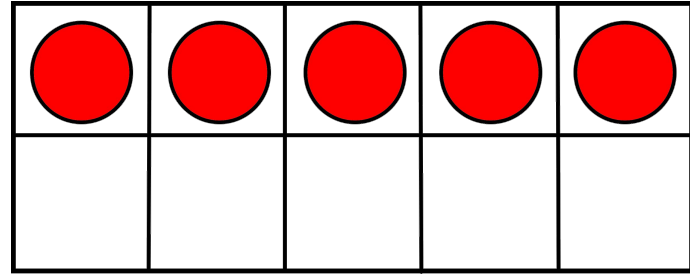

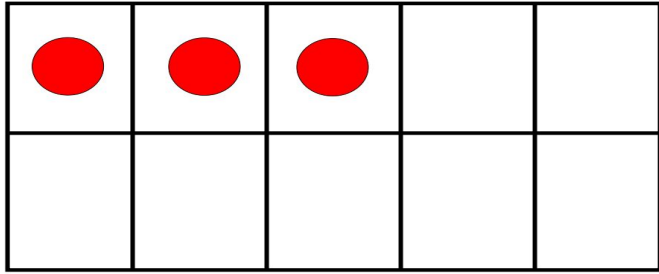

Students will represent numbers on a 10 frame.

Let's Get Started:

Watch Video: [The Crayons Book of Numbers](#)

Practice: Ten Frame Counting

How many dots are on each ten frame?

Activity:

Ten Frame Fun

Materials needed: Dice, counters to put in the ten frame (rocks, paper strips small toys, etc.)

1. Create a 10's frame as pictured.
2. Have your child roll the dice and count.
3. Have your child place the amount rolled into the frame (left to right, top to bottom and count)
4. Continue playing adding more dice and 10 frames for a challenge.
