Early Education
Outdoor Counting

May 22, 2020

Pre-K Math
Lesson: 05/22/2020

Learning Target:
Students will identify numbers and quantities.

Let's Get Started:
Watch Video: [PEG and Cat Count to 20](#)

Activity:

Outdoor Counting

Materials needed: Chalk and outdoor objects such as: pine cones/rocks/dandelions/acorns/leaves

1. Write 1-10 with chalk on the driveway or sidewalk
2. Ask your child:
 - a. Tell me the numbers you see.
 - b. Can you find (insert number) and put it under the right number?
3. Continue until all numbers have the correct number of objects.

Another way to play is roll a dice and identify the number that rolled then find that quantity of objects
