

**Social Studies Virtual Learning**  
**2nd Grade**  
**Transportation and**  
**Communication**

April 16, 2020

## **2nd grade Social Studies April 16th**

### **Learning Target:**

Students will describe how communication systems help the movement of ideas.

# **Background knowledge:**This is a new lesson in second grade.

Students learned how to compare and contrast our community in the past and present in first grade. This included learning about how schools, land, and transportation have changed.

In third grade students will learn about human characteristics of Missouri which will include information about communication networks and transportation.

Warm Up:

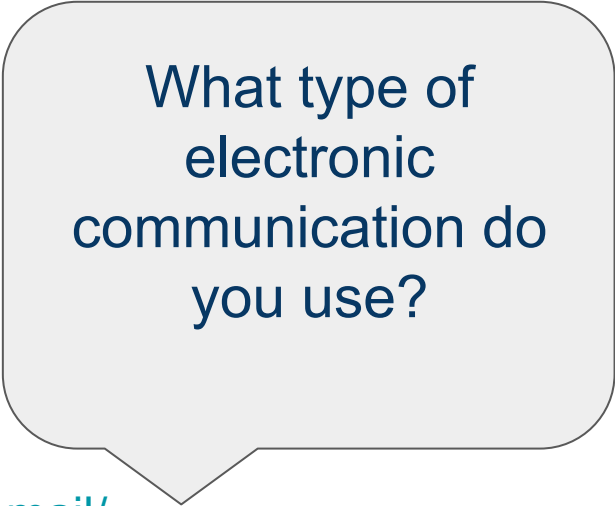

**Watch Videos:**

What type of  
electronic  
communication do  
you use?

How many electronic communication ways can you name?

Meta Platforms, Inc. © 2024

# How many did you recognize?

E-mail

Twitter

Facebook

Video call

Zoom

KidsBlog

E-mail

**Electronic mail (email or e-mail) is a method of exchanging messages ("mail") between people using electronic devices.**

KidsBlog

**A regularly updated website or web page, ran by a person or a group, that is written in a conversational style.**

Video call

**Video calling is just like a regular phone call, except you can see the person you're calling and they can see you.**

Zoom

**Zoom is a video conference call where many people can be seen and heard.**

Twitter

**Twitter is a system that allows you to send and receive short posts called tweets.**

Facebook

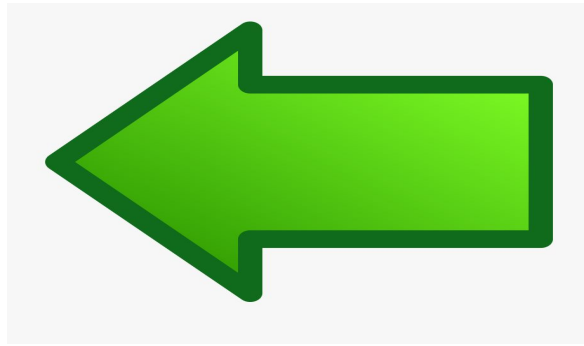

**Facebook is a social networking site that makes it easy for you to connect and share with family and friends online.**

There have been many videos shared around the world on social media. What ideas do you think these boys are trying to express?

Click the picture to watch a video!

# You can do this!

**Ask an adult to help you find positive social media shares. Or you may want to make your own positive video to send to a family member or a family friend!**

## More Practice

**Find an adult to help you research kids' blogs. You might find something you really enjoy! Look for blogs that share your interests.**

# Complete this page in the packet

Worksheet

**Directions:** Look at each picture. Match the picture to the correct definition by drawing a line.

Email is a way to exchanging messages using electronic devices.

A regularly updated website or web page, ran by a person or a group, that is written in a conversational style.

Video calling is just like a regular phone call, except you can see the person you're calling and they can see you.

Zoom is a video conference call where many people can be seen and heard.

Twitter is a system that allows you to send and receive short posts called tweets.

## Self Check

Go tell someone in your home your answers.

1. Was this lesson?

- easy
- just right
- hard

2. What is your favorite way to communicate electronically?
