

## **6th Grade Science Day 9**

I can summarize Newton's Three Laws of Motion. I can explain how these laws affect my everyday life.

### **Directions:**

1. Use this [TedEd](#) to video and summarize Newton's 3 Laws of Motion.
2. Answer the following questions
  1. How do these laws apply in your life?
  2. What would be different about your life if one or all of Newton's laws did not exist?
3. Create a One-Pager to explain your ideas.
