

7th Grade Science Day 10

Directions:

1. Record the weather each day using the document template provided on your own sheet of paper. Only record Temperature, Total Precipitation, Humidity, and Wind Speed. Do not do the questions on page 2. The link is under the link "[This Week's Weather](#)"
2. Watch the [Bill Nye video on climate](#).
3. On a piece of paper explain the difference between weather and climate.
4. Describe the weather in Independence today. What is the climate in Independence?

Watch the following Bill Nye video on climates. What is the difference between climate and weather? How would you describe the weather versus the climate here in Independence?
