

## 7th Grade Science Day 12

### Directions:

1. Record the weather each day using the document template provided on your own sheet of paper. Only record Temperature, Total Precipitation, Humidity, and Wind Speed. Do not do the questions on page 2. The link is under the link "[This Week's Weather](#)"
2. Use the following [hurricane simulator](#) to answer the following questions.
  - a. How did adjusting the water temperature affect the hurricane's movement?
  - b. How did moving the high pressure system affect the hurricane's movement?
