

7th Grade Science Day 13

Directions:

1. Record the weather each day using the document template provided on your own sheet of paper. Only record Temperature, Total Precipitation, Humidity, and Wind Speed. Do not do the questions on page 2. The link is under the link "[This Week's Weather](#)"
2. Use the following [extreme weather](#) lab.
3. Go through the orientation to learn about how scientists get information about Earth's atmosphere and how thunderstorms form.
4. Click on winter storms and complete the lab.
5. Click on hurricanes and complete the lab.
6. Click on forest fires and complete the lab.
7. Write a 3-5 sentence journal entry as if you had a job in this field.
