

8th Grade Science Day 4

1. Students will be able to identify the reactants and products of photosynthesis and cellular respiration.
2. Students will be able to explain how photosynthesis and cellular respiration are related.

Directions:

1. Listen to the [Photosynthesis song](#).
2. Review what you know by going to the [quizzes](#).
3. Create a One Pager over Photosynthesis. Include the following:
 - a. Chemical Equation of both photosynthesis & cellular respiration (reactants/products)
 - b. Explain how photosynthesis and cellular respiration work together.
 - c. Draw a picture showing the process in real life.
