

8th Grade Science Day 7

I can explain the functions of the major body systems and how they interact with each other.

Directions:

1. Watch: [Human Body Systems Functions Overview: The 11 Champions \(Updated\)](#)
2. As you watch the video, write down each body system and its key function.
3. Answer this question on your paper: How have you used the respiratory, nervous and muscular system today?
