

## 8th Grade Science Day 8

I can identify the different planets in our solar system based on their characteristics.

### Directions:

1. Watch the video about the solar system: [Solar System 101 | National Geographic](#)
2. Review Solar System & Gravity with this [Quizziz](#)
3. Read about the planets with this link: [Planet Fact Sheet The Nine Planets](#)
4. Using paper and pencil, create a small ad to convince travelers to visit the planet of your choice (include facts about the planet, reasons a traveler might visit there, and information about the size, moons, etc. of the planet)
