

Lesson 9 Directions:

Part 4 of 5 (go in order if possible; finish Part 1, move to 2, etc)

Topic: War

Big Idea: How war impacts a community at large, including pop culture and art.

This lesson continues exploring how War impacts a community at large, specifically entertainment during WW II. When possible, even during a war, people will look for ways to temporarily take their mind off things through entertainment or leisure activities. This lesson will provide links to educate you about sports that both men and women enjoyed. Today you will complete the 3-2-1 WICOR strategy after reviewing and reading about those activities. After wars, Hollywood made movies about the wars themselves. This created a new form of entertainment, inspired by war times.
