

Independence School District

Illness Guidelines

Student should be excluded from school if one or more of the following exist:

- Fever of 100 degrees or greater
- Diarrhea based on nursing judgement
- Vomiting based on nursing judgement
- Suspicious rash
- Continues cough, in concurrence with nursing judgment
- Illness based on nursing judgement
- Injury based on nursing judgement
- Unvaccinated during disease outbreak per health department

In order to control communicable disease, students may return when they are feeling healthy enough for route activities and:

- Fever free without fever reducing medication
- Diarrhea has stopped
- Vomiting has stopped
- Coughing subsides or is well-controlled with medication
