Door Entry Procedures
The Independence School District has a School Safety regulation that requires all school doors to be locked during the school day. The goal is to ensure the safety of students and staff, while keeping unidentified strangers from gaining access to our schools. For parents, patrons, and other guests who have legitimate business in the schools, we want to be sure this process remains consistent. Staff will make visitors feel as welcome as possible by following the steps below.

• When a parent or patron approaches the door and pushes the buzzer, welcome them to the building and say, “May I help you?”
• If they are a vendor or other visitor, ask the nature of their visit, who they are there to visit, and ask to see their identification.
• If they do not have identification with them, apologize and inform them that for safety reasons, this new district policy requires that they show state or federal photo identification to enter the building.
• Our goal is to keep out unidentified strangers. If the visitor is someone with whom you are familiar, and they have no identification in their vehicle or with them in any way you are allowed the flexibility to buzz them in. Please go the front door and escort them to the main office in order for them to receive a visitor’s pass. Remind them that they will need to bring their identification the next time they come to school buildings.
• If you are not familiar with the visitor and he or she is unable to produce identification, he or she will not be allowed in the building.
• Once a visitor has reported to the office, please follow the building sign in/sign out procedures:

If you have any questions regarding these procedures, please contact Dennis Green at ext. 10035 or 816-286-3995.
A.L.I.C.E. Intruder/Active Shooter Response

In the spring of 2014 the Independence School District adopted the A.L.I.C.E. model to an intruder/Active Shooter event. From August of 2014 to the present time, all staff in the Independence School District received training from certified instructors from the Independence Police Department. The intent of the A.L.I.C.E. model and training is to increase the survivability of staff and students should an event occur. All staff receives annual training in A.L.I.C.E. in compliance with Senate Bill 75. This training is in the form of either a two-hour classroom/scenario training or an electronic refresher course. Staff are encouraged to recall the training and apply it to their specific building so they will be prepared should an event occur. Staff is also encouraged to discuss the A.L.I.C.E. principles with their students and other staff members to maintain the edge and situational awareness. Staff is also encouraged to reach out to any of the law enforcement instructors (SROs, Truancy and DARE Officers in the district) should they need assistance in setting up their classroom, encounter an unsafe condition, to practice this model or if they should have any questions regarding an intruder/active shooter event.

Emergency Procedures

Staff should make themselves aware of the location of evacuation plans should an emergency arise. Evacuation plans are posted near the door in each room and other common areas. These plans will include both fire and tornado routes. One office will have a red duffle bag containing first aid items. These bags should be taken with you in the case of a drill or real evacuation. In case of an emergency, Staff should also note the location of the fire alarm activation switch closest. Each office has a complete Emergency Preparedness Plan notebook that each Staff should take time to review.

Emergency Preparedness at a Glance Where is...

- The nearest exit?
- The intercom button?

If the fire alarm sounds...

Get radio out of Wellness Coordinator’s office and get members out of the building in an orderly fashion following the fire exit evacuation plan which should be posted near the door. Take the attendance book or list with you so that you can assure that all members are safe.

If a tornado warning is announced...

Get radio out of Wellness Coordinator’s office and move members to the shelter area as shown on the room exit plan in an orderly fashion. This movement could be into the hall. Take the attendance book or list with you so that you can assure that all members are safe.

You Are Accountable

As an ISD employee, you are accountable for the job you do!

- Personal appearance and attitude should be professional.
- Be on time.
- DO NOT put your feet on the desk.
TWO IMPORTANT POLICIES

New Directions Employee Assistance Program
EAP Call Center Intake Line: 800-624-5544

The Employee Assistance Program is a counseling assessment benefit that is provided to employees by the Independence School District. Did you know that the two primary reasons people use this program are for stress and for relationship difficulties? No matter how hard we try, we cannot avoid the fact that these are two issues that we have to deal with on a daily basis. We may not always need assistance from others to handle stress or relationships, but sometimes it reaches a point where it helps to have some insight from others. The EAP can assist you with dealing with these issues or anything else that may be concerning you.

Some important points to remember:

This is a free service. It is separate from your health insurance and it does not cost you anything to use. It is a confidential service. No information, including your name, is released without your written permission. Your employer will not know if you use this program. It is a service available to the employee and to immediate family members that live within our household.

Other services available through the EAP:

- **Legal Referrals**- Contact New Directions for a referral to a local attorney. The initial consultation with the attorney is at no cost.
- **Financial Referrals**- A 30 minute telephone consultation is available through the EAP. After the consultation you can be referred to local resources. The referrals can be made for any financial issue (debt consolidation, budgeting, taxes, investments, etc.)
- **Website Programs**- Log on to www.ndbh.com to access the website programs. Click on EAP Members and use Independence SD as your login code to access the dedicated company section. **Personal Directions** is an online work/life program with over 5,000 different articles, calculators, videos, and databases available. Information in Personal Directions includes:
  - Buying a Car
  - Health Assessments
  - Investment Calculators
  - Child Care Database

WORKERS’ COMPENSATION
Principal/Supervisor/Nurse Procedure for Employee Accident/Injury

All medical information will be stored in the school nurse office. No medical or work comp information is to be stored in personnel or employment files. When an employee reports an injury, follow the steps listed below:

1. Instruct the employee to go to the school nurse office at the injury site for an initial evaluation, first aid and treatment referral. The nurse (principal or supervisor if nurse is not available) will assist the employee in completing and signing an Employee Accident/Injury Report. This must be completed by an employee and signed by the employee and nurse/supervisor. These forms are located on the My Benefits page of the District website and can be found in either the Business Office Resources near the top of the page or under the General Plans listed as Workers Compensation near the lower right side of the page.

2. Give the employee a copy of the Employee Accident/Injury Procedure for his/her information and assistance. This form explains the process and answers many of the questions the employee may have at a later time.

3. The nurse (principal or supervisor) will fax the completed Employee Accident/Injury Report form along with the Treatment Authorization Form (instructions listed below), and notify the ISD Work Comp Office via Phone: (816) 521-5424 Fax: (816) 521-5677 Email: workcomp@isd.schoools.org in order to meet the Missouri statutory guidelines for filing claims.

4. If first aid treatment is not sufficient or additional medical attention is needed, do the following:

   1) If this is a life threatening emergency, call 911 and/or send the employee directly to the Truman Medical Center Lakewood, 7900 Lee’s Summit Rd., Kansas City, MO 64139 (816) 404-7000 or Centerpoint Medical Center, 19600 E. 39th St., Independence, MO 64057 (816) 698-7000 for emergency treatment.

   2) For non-emergency medical evaluation and/or treatment, the following options should be utilized in the order listed as feasible due to either medical necessity or hours of operation available. Note: If treatment is sought on the day of injury, it is mandatory that a notification call be placed to the treating agency prior to the injured worker’s arrival. If treatment is sought after the day of injury, an appointment must be obtained for treatment.

      1) ISD Employee Health Clinic at (866) 959-9355 (preferably) or (816) 521-5316 (to leave message for a return call) for notification of a Workers’ Compensation employee injury. The Employee Accident/Injury Report and the signed Treatment Authorization Form must accompany the employee for treatment.

         Location – 1516 W. Maple Ave., Independence, MO 64050
         Hours – 7:00 AM-12:00 Noon & 1:00 PM-6:00 PM Monday–Friday; 8:00 AM-12:00 Noon Saturday

         Alternatives Treatment Locations – To be used by referral only from ISD Employee Health Clinic, ISD Medical staff, after hours Supervisor or the ISD Work Comp Office. The signed Treatment Authorization Form must accompany the employee for treatment at these locations.

      2) U. S. Healthworks, Inc. at (816) 478-9299 and notify that the injured employee is coming.

         Location – 19000 E. Eastland Center Ct., Independence, MO 64055
         Hours – 8:00 AM-5:00 PM Monday–Friday (only)

      3) Urgent Care of Kansas City at (816) 795-6000 and notify that the employee is coming.

         Location – 4741 S. Arrowhead Drive, Suite B, Independence, Missouri 64055.
         Hours – 8:30 AM-9:00 PM Monday–Friday; 8:30-6:00 PM Saturday; 8:30 AM-5:30 PM Sunday;
         8:30 AM-5:50 PM Holidays

5. Complete and give the employee a Treatment Authorization Form referral. Encourage the employee to go as soon as possible that same day. They may go later in the day if condition worsens. Inform them they must present the Treatment Authorization Form at the care location designated on the Treatment Authorization Form to receive treatment. Note: If treating at Urgent Care of Kansas City, the lower portion of the Treatment Authorization is to be completed by the treating physician and must be returned to the Nurse as well as the ISD Work Comp Office after treatment. This Provider Section contains release information and the employee’s Return to Work Status.
6. **Notify the ISD Work Comp Office** immediately that the employee has been injured and to which treatment location the employee was sent.

   **Phone:** (816) 521-5424  **Fax:** (816) 521-5677  **Email:** workcomp@isdsschools.org

7. All employee health records are considered confidential and should be handled in that manner. All employee health records will be maintained separately in a locked file and not in supervisor files. After each medical visit, the employee is to give the doctor’s release/restriction note to their supervisor and to the **ISD Work Comp Office**; the nurse will also receive all forms given to the employee concerning his/her treatment. The nurse will fax the forms to, as well as, notify the **ISD Work Comp Office** by phone to confirm receipt and confer regarding restrictions, etc. If the employee was treated and released from a Hospital Emergency Room, the employee must give a copy to the nurse, principal or supervisor of the **After Care Instructions** given to the employee upon release. **Note:** A copy of this document must also be given to the ISD Work Comp Office as this is the only proof that the employee can or cannot return to work following treatment.

8. If an employee is released to work with **restricted duties** given by the treating physician, notify via phone and send a copy of the written restrictions to the **ISD Work Comp Office** as the restrictions may or may not have been sent to the **ISD Work Comp Office** from the treating physician. The **ISD Work Comp Office** will then prepare Modified Duty paperwork according to these restrictions and will forward this paperwork to the Principal/Supervisor/School Nurse/HR for the purpose of official notification of the injured worker’s status and to request a formal approval signature that the work restrictions can (or cannot) be accommodated for the injured employee. The Modified Duty approval (or denial) paperwork will then be faxed to (816) 521-5677 by the school nurse, principal or supervisor. The objective of Modified Duty is to keep the employee on an assignment without loss of pay. The duties will be determined by the restrictions applicable. It is preferred that duties be related to the normal assignment. However, to accommodate the restrictions, duties may be assigned in a different area, at a different location, or on a different time schedule. Payroll/Timekeeping will monitor all stages of Workers’ Compensation time.

9. **Workers’ Compensation is not responsible for medical needs occurring at work unless work related.** If an employee becomes ill/injured while at work and it is not the result of an accident or injury that is work related, remind and/or assist the employee to contact his/her own health care provider.
Employee Information and Accident/Injury Procedures

If an injury is a true emergency, you can be treated at the Truman Medical Center Lakewood or Centerpoint Medical Center. Limit all visits to the Emergency Room to injuries that cannot possibly wait until the next day.

5. Following each treatment, the doctor’s release to work, restrictions or emergency room. After Care Instructions must be submitted immediately to your supervisor and to the ISD Work Comp Office.

6. Treatment appointments and leave information:
   a. Treatment time within work hours on the day of injury only are paid as work hours.
   b. All appointments (including follow-ups) for Work Comp after day of injury are treated the same as personal doctor appointments for purposes of leave. For that reason, it is best to get immediate evaluation and to make all other appointments before or after work hours as much as possible.

Your failure to follow these requirements may invalidate any present or future compensation claims that arise as a result of an injury. Eligibility for medical expense and/or disability income reimbursement has strict guidelines and it is important for you that you do not jeopardize your claim.

Policy coverage provisions include a stipulated death benefit, blanket medical expense coverage, and weekly disability income reimbursement should the employee be unable to work upon doctor’s orders. There is a waiting period of three (3) work days before Work Comp weekly disability income reimbursement begins. There is a statutory provision for lump sum payment for injuries that result in permanent or partial disabilities that might occur to employees.

The District will provide Modified Duty when possible and if prescribed by the physician. Modified Duty allows the employee to receive full wages while recovering rather than reduced Workers’ Compensation disability reimbursements.

POLICIES AND PROCEDURES
STUDENTS

Policy 2130 (Regulation 2130)

Nondiscrimination and Student Rights (Form 2130)

Harassment

It is the policy of the District to maintain a learning environment that is free from harassment because of an individual's race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation. The School District prohibits any and all forms of unlawful harassment and discrimination because of race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation.

It shall be a violation of District policy for any student, teacher, administrator, or other school personnel of this District to harass or unlawfully discriminate against a student through conduct of a sexual nature, or regarding race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation as defined by this Policy.

It shall also be a violation of District policy for any teacher, administrator, or other school personnel of this District to tolerate sexual harassment or harassment because of a student's race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation, as defined by this Policy, by a student, teacher, administrator, other school personnel, or by any third parties who are participating in, observing, or otherwise engaged in activities, including sporting events and other extracurricular activities, under the auspices of the School District.

For purposes of this Policy, the term "school personnel" includes school board members, school employees, agents, volunteers, contractors, or persons subject to the supervision and control of the District.

The school system and District officials, including administrators, teachers, and other staff members will act to promptly investigate all complaints, either formal or informal, verbal or written, of unlawful harassment or unlawful discrimination because of race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation; to promptly take appropriate action to protect individuals from further harassment or discrimination; and, if it determines that unlawful harassment or discrimination occurred, to promptly and appropriately discipline any student, teacher, administrator, or other school personnel who is found to have violated this Policy, and/or to take other appropriate action reasonably calculated to end the harassment/discrimination.

The District prohibits retaliation against a person who files a complaint of discrimination or harassment, and further prohibits retaliation against persons who participate in related proceedings or investigations.

REV. 6/11
STUDENTS

Nondiscrimination and Student Rights

Harassment

DEFINITIONS AND EXAMPLES

Sexual Harassment

For purposes of this Regulation, sexual harassment of a student consists of sexual advances, requests for sexual favors, sexually-motivated physical conduct, or other verbal or physical conduct or communication of a sexual nature when:

1. A school employee causes a student to believe that he or she must submit to unwelcome sexual conduct in order to participate in a school program or activity, or when an employee or third party agent of the District causes a student to believe that the employee will make an educational decision based on whether or not the student submits to unwelcome sexual conduct; or

2. When the unwelcome sexual conduct of a school employee or classmate is so severe, persistent or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, or abusive educational environment.

Examples of conduct which may constitute sexual harassment include:

- sexual advances;
- touching, patting, grabbing, or pinching another person's intimate parts, whether that person is of the same sex or the opposite sex;
- coercing, forcing, or attempting to coerce or force the touching of anyone's intimate parts;
- coercing, forcing, or attempting to coerce or force sexual intercourse or a sexual act on another;
- graffiti of a sexual nature;
- sexual gestures;
- sexual or dirty jokes;
- touching oneself sexually or talking about one's sexual activity in front of others;
• spreading rumors about or rating other students as to sexual activity or performance;

• unwelcome, sexually-motivated or inappropriate patting, pinching, or physical contact. This prohibition does not preclude legitimate, non-sexual physical conduct such as the use of necessary restraints to avoid physical harm to persons or property, or conduct such as a teacher's consoling hug of a young student, or one student's demonstration of a sports move requiring contact with another student. (NOTE: Where the perpetrator is an adult and the victim is a student, welcomeness is generally not relevant.)

• other unwelcome sexual behavior or words, including demands for sexual favors, when accompanied by implied or overt threats concerning an individual's educational status or implied or overt promises of preferential treatment.

**Harassment Because of Race or Color**

For purposes of this Regulation, racial harassment of a student consists of verbal or physical conduct relating to an individual's race or color when:

1. The harassing conduct is sufficiently severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, or abusive educational environment;

2. The harassing conduct has the purpose or effect of substantially or unreasonably interfering with an individual's academic performance; or

3. The harassing conduct otherwise substantially and adversely affects an individual's learning opportunities.

Examples of conduct which may constitute harassment because of race or color include:

• graffiti containing racially-offensive language;

• name-calling, jokes, or rumors;

• threatening or intimidating conduct directed at another because of the other's race or color;

• notes or cartoons;

• racial slurs, negative stereotypes, and hostile acts which are based upon another's race or color;
• written or graphic material containing racial comments or stereotypes which is posted or circulated and which is aimed at degrading individuals or members of protected classes;

• a physical act of aggression or assault upon another because of, or in a manner reasonably related to, race or color;

• other kinds of aggressive conduct such as theft or damage to property which is motivated by race or color.

**Harassment Based Upon National Origin or Ethnicity**

For purposes of this Regulation, ethnic or national origin harassment of a student consists of verbal or physical conduct relating to an individual's ethnicity or country of origin or the country of origin of the individual's parents, family members, or ancestors when:

1. The harassing conduct is so severe, persistent or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, or abusive educational environment;

2. The harassing conduct has the purpose or effect of substantially or unreasonably interfering with an individual's work or academic performance; or

3. The harassing conduct otherwise substantially and adversely affects an individual's learning opportunities.

Examples of conduct which may constitute harassment because of national origin or ethnicity include:

• graffiti containing offensive language which is derogatory to others because of their national origin or ethnicity;

• jokes, name-calling, or rumors based upon an individual's national origin or ethnicity;

• ethnic slurs, negative stereotypes, and hostile acts which are based upon another's national origin or ethnicity;

• written or graphic material containing ethnic comments or stereotypes which is posted or circulated and which is aimed at degrading individuals or members of protected classes;

1. The harassing conduct is sufficiently persistent or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, or abusive educational environment; or

2. The harassing conduct has the purpose or effect of substantially or unreasonably interfering with an individual's academic performance; or

**REPORTING PROCEDURES**

The following procedures are applicable to any student who believes he or she has been the victim of sexual harassment or harassment/discrimination based on race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation by a student, teacher, administrator, or other school personnel of the School District, or by any other person who is participating in, observing, or otherwise engaged in activities, including sporting events and other extracurricular activities, under the auspices of the School District.
Such individuals are encouraged to immediately report the alleged acts to an appropriate District official designated by this Regulation.

Any teacher, administrator, or other school official who has or receives notice that a student has or may have been the victim of unlawful discrimination, sexual harassment or harassment based on race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation by a student, teacher, administrator, or other school personnel of the District, or by any other person who is participating in, observing, or otherwise engaged in activities, including sporting events and other extracurricular activities, under the auspices of the District, is required to immediately report the alleged acts to an appropriate District official designated by this Regulation.

Any other person with knowledge or belief that a student has or may have been the victim of unlawful discrimination, sexual harassment or harassment based on race, sex color, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation as set forth above, is encouraged to immediately report the alleged acts to an appropriate District official designated by this Regulation.

The School District encourages the reporting party or complainant to use the report form available from the principal of each building or available from the School District office, but oral reports shall be considered complaints as well. Use of formal reporting forms is not mandated. Nothing in this Regulation shall prevent any person from reporting harassment directly to the Compliance Officer or to the Superintendent. The District will respond to male and female students' complaints of discrimination and harassment promptly, appropriately, and with the same degree of seriousness.

1. In each school building, the building principal is the person responsible for receiving oral or written reports of discrimination, sexual harassment, or harassment based on race, sex, color, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation at the building level. Any adult School District personnel who receives a report of discrimination, sexual harassment, or harassment based on race, sex, color, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation shall inform the building principal immediately.

Upon receipt of a report, the principal must notify the District Compliance Officer immediately, without screening or investigating the report. The principal may request but may not insist upon a written complaint. If the report was given verbally, the principal shall personally reduce it to written form and forward it to the Compliance Officer within twenty-four (24) hours. Failure to forward any harassment report or complaint as provided herein will result in disciplinary action against the principal.
If the complaint involves the building principal, the complaint shall be made or filed directly with the Superintendent or the School District Compliance Officer by the reporting party or the complainant.

2. The School Board has designated the Assistant Superintendent of Human Resources as the District Compliance Officer with responsibility to identify, prevent, and remedy unlawful discrimination and harassment. The District Compliance Officer shall:

- receive reports or complaints of unlawful discrimination, sexual harassment, or harassment based on race, sex, color, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation;
- oversee the investigative process;
- be responsible for assessing the training needs of the District's staff and students in connection with the dissemination, comprehension, and compliance with this Regulation;
- arrange for necessary training required for compliance with this Regulation; and
- insure that any investigation is conducted by an impartial investigator who has been trained in the requirements of equal educational opportunity, including harassment, and who is able to apply procedural and substantive standards which are necessary and applicable to identify unlawful harassment, recommend appropriate discipline and remedies when harassment is found, and take other appropriate action to rectify the damaging effects of any prohibited discrimination, including interim protection of the victim during the course of the investigation.

If any complaint involves a Compliance Officer, the complaint shall be filed directly with the Superintendent.

The District shall conspicuously post a notice against unlawful discrimination and harassment in each school in a place accessible to students, faculty, administrators, employees, parents, and members of the public. This notice shall include the name, mailing address, and telephone number of the Compliance Officer; the name, mailing address, and telephone number of the Missouri Commission for Human Rights, the state agency responsible for investigating allegations of discrimination in educational opportunities; and the mailing address and telephone number of the United States Department of Education, Office for Civil Rights, and the United States Department of Justice.
3. A copy of Policy 2130 shall appear in the student handbook, and this Regulation shall be made available upon request of parents, students, and other interested parties.

4. The School Board will develop a method of discussing this Regulation with students and employees. Training on the requirements of nondiscrimination and the appropriate responses to issues of harassment will be provided to all school personnel on an annual basis, and at such other times as the Board in consultation with the District Compliance Officer determines is necessary or appropriate.

5. This Regulation shall be reviewed at least annually for compliance with state and federal law.

6. The District will respect the privacy of the complainant, the individuals against whom the complaint is filed, and the witnesses as much as possible, consistent with the District's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations.

**INVESTIGATION**

Upon receipt of a report or complaint alleging unlawful discrimination, sexual harassment, or harassment based upon race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation, the Compliance Officer shall immediately undertake or authorize an investigation. That investigation may be conducted by District officials or by a third party designated by the District.

The investigation may consist of personal interviews with the complainant, the individual against whom the complaint is filed, and others who have knowledge of the alleged incident or circumstances giving rise to the complaint. The investigation may also consist of the evaluation of any other information or documents, which may be relevant to the particular allegations.

In determining whether the alleged conduct constitutes a violation of this Regulation, the District shall consider:

- the nature of the behavior;
- victim’s statements;
- how often the conduct occurred;
- mandatory written witness statements or interview summaries;
- whether there were past incidents or past continuing patterns of behavior;
opportunity for the complainant to present witnesses and provide evidence;

- evaluation of all relevant information and documentation relating to the complaint of discrimination or harassment;

- the relationship between the parties involved;

- the race, color, sex, national origin, age, ethnicity, disability, sexual orientation or perceived sexual orientation of the victim;

- the identity of the perpetrator, including whether the perpetrator was in a position of power over the student allegedly subjected to harassment;

- the number of alleged harassers;

- the age of the alleged harassers;

- where the harassment occurred;

- whether there have been other incidents in the school involving the same or other students;

- whether the conduct adversely affected the student's education or educational environment;

- the context in which the alleged incidents occurred.

Whether a particular action or incident constitutes a violation of this Regulation requires a determination based on all the facts surrounding the circumstances.

The investigation shall be completed and a written report given to the Superintendent no later than fifteen (15) days from receipt of the complaint. If the complaint involves the Superintendent, the written report may be filed directly with the School Board. The written report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this Regulation. The Compliance Officer's obligation to conduct this investigation shall not be extinguished by the fact that a criminal investigation involving the same or similar allegations is also pending or has been concluded.

**SCHOOL DISTRICT RESPONSE**

1. Upon receipt of a report that a violation has occurred, the District will, within 48 hours, take appropriate formal or informal action to address, and where appropriate, remediate the violation. Appropriate actions may include, but are not limited to, counseling,
awareness training, parent-teacher conferences, warning, suspension, exclusion, expulsion, transfer, remediation, or discharge. District action taken for violation of this Regulation shall be consistent with the requirements of applicable collective bargaining agreements, state and federal law, and District policies for violations of a similar nature of similar degree of severity. In determining what is an appropriate response to a finding that harassment in violation of this Regulation has occurred, the District shall consider:

- what response is most likely to end any ongoing harassment;
- whether a particular response is likely to deter similar future conduct by the harasser or others;
- the amount and kind of harm suffered by the victim of the harassment;
- the identity of the party who engaged in the harassing conduct.
- whether the harassment was engaged in by school personnel, and if so, the District will also consider how it can best remediate the effects of the harassment.

In the event that the evidence suggests that the harassment at issue is also a crime in violation of a Missouri criminal statute, the Board shall also direct the District Compliance Officer to report the results of the investigation to the appropriate law enforcement agency charged with responsibility for handling such crimes.

2. The results of the District's investigation of each complaint filed under these procedures will be reported in writing to the complainant and other parties by the District within 10 days of the Compliance Officer’s receipt of the complaint, in accordance with state and federal laws regarding data or records privacy, and consistent with the privacy rights of the alleged harasser.

3. If the District's evaluation of a complaint of harassment results in a conclusion that a school employee has engaged in unlawful discrimination or harassment in violation of this Regulation, or that a school employee(s) has failed to report harassment as required herein, that individual may appeal this determination by presenting a written appeal within 10 school days of receiving notice of the District’s conclusion, by use of established School Board procedures for appealing other adverse personnel actions. (See personnel handbooks.)

4. If the District's evaluation of a complaint of harassment results in a conclusion that no unlawful harassment has occurred, an individual who was allegedly subjected to harassment and believes that this conclusion is erroneous may appeal this determination by presenting a written appeal to the Superintendent within 10 school days of receiving notice of the District’s conclusion. The grievant may request a meeting with the Superintendent or his/her designee. The Superintendent or his/her designee has the option of meeting with the grievant to discuss the appeal. A decision will be rendered by
the Superintendent or his/her designee within 10 working days after receiving the written appeal.

5. If the complainant believes the Superintendent has not adequately or appropriately addressed the appeal, he or she may present a written appeal to the President of the Board of Education within ten (10) working days after the grievant receives the report from the Superintendent. The grievant may request a meeting with the Board of Education. The Board of Education has the option of meeting with the grievant to discuss the appeal. A decision will be rendered by the Board of Education at their next regularly scheduled meeting or no later than 45 calendar days from the District’s receipt of the complainant’s appeal to the Board. The grievant will be notified in writing of the decision within 5 working days after the Board of Education meeting.

6. An individual who was allegedly subjected to unlawful discrimination or harassment may also file a complaint with the Missouri Commission for Human Rights, the United States Department of Education, Office for Civil Rights, or the United States Department of Justice. In addition, such individual may choose to file suit in the United States District Court or the State Circuit Court.

7. Copies of all complaints of harassment and the investigations conducted pursuant to them shall be maintained at the main administrative offices of the School District.

**RETAILATION**

Submission of a good faith complaint or report of unlawful discrimination, sexual harassment, or harassment based upon race, sex, color, disability, national origin, age, ethnicity, or sexual orientation will not affect the complainant or reporter’s future employment, grades, learning, or working environment, or work assignments.

The School District will discipline or take appropriate action against any student, teacher, administrator, or other school personnel who retaliates against any person who reports an incident of alleged harassment/discrimination, sexual, racial, ethnic, sexual orientation discrimination, disability-related harassment or violence, or any person who testifies, assists, or participates in a proceeding, investigation, or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

Purpose

Through the adoption of this policy the Board expects to:

- Promote safety and prevent harm to all students, school personnel and visitors in the school district.
- Foster a climate of dignity and respect in the use of discipline and behavior-management techniques.
- Provide school personnel with clear guidelines about the use of seclusion, Safe Room placement, and restraint on school district property or at any school district function or event.
- Promote retention of teachers and other school personnel by addressing student behavior in an appropriate and safe manner.
- Promote parent understanding about state guidelines and district policies related to the use of discipline, behavior management, behavior interventions and responses to emergency situations.
- Promote the use of non-aversive behavioral interventions and positive behavior support techniques.
- Meet the requirements of RSMo 160.263.

Definitions:

“Authorized School Personnel” means school personnel who have received annual training in:
- De-escalation practices,
- Appropriate use of physical restraint,
- Professionally-accepted practices in physical management and use of restraints,
- Methods to explain the use of restraint to the student who is to be restrained and to the individual’s family,
- Appropriate use of Safe Room placement,
- Appropriate use of seclusion, and
- Information on the policy and appropriate documentation and notification procedures.
“Assistive technology device” means any item, piece of equipment or product system that is used to increase, maintain or improve the functional capacities of a child with a disability.

“Aversive behavioral interventions” means an intervention that is intended to induce pain or discomfort to a student for the purpose of eliminating or reducing maladaptive behaviors, including such interventions as: contingent application of noxious, painful, intrusive stimuli or activities; any form of noxious, painful or intrusive spray, inhalant or tastes; or other stimuli or actions similar to the interventions described above. The term does not include such interventions as voice control, limited to loud, firm commands; time-limited ignoring of a specific behavior; token fines as part of a token economy system; brief physical prompts to interrupt or prevent a specific behavior; interventions medically necessary for the treatment or protection of the student. Corporal punishment administered in accordance with state law is not an aversive intervention for the purpose of this policy.

“Behavior Intervention Plan (BIP)” means a plan developed by an IEP team for a student with a disability who displays need for specific behavior interventions for chronic patterns of problem behavior. If a disabled student’s team develops a BIP in those circumstances, the BIP becomes a part of the IEP.

“Chemical restraint” means the administration of a drug or medication to manage a student’s behavior that is not a standard treatment and dosage for the student’s medical condition.

“Discipline” means consequences for violating the district’s student code of conduct.

“Emergency situation” is one in which a student’s behavior poses a serious, probable threat of imminent physical harm to self or others or destruction of property.

“Functional Behavior Assessment” a formal assessment to identify the function or purpose the behavior serves for the student so that classroom interventions and behavior support plans can be developed to improve behavior. The assessment could include observations and charting of the behavior and interviews with family, teachers, and the student, so as to determine the frequency, antecedent and response of the targeted behavior.

“IEP” means a student’s Individualized Education Program as defined by the Individuals with Disabilities Education Act (IDEA).

“Law enforcement officer” means any public servant having both the power and duty to make arrests for violations of the laws of this state.

“Locking hardware” means mechanical, electrical or other material devices used to lock a door or to prevent egress from a confined area.
“Mechanical restraint” means a device or physical object that the student cannot easily remove that restricts a student’s freedom of movement or normal access to a portion of his or her body. This includes but is not limited to straps, duct tape, cords or garments. The term does not include: (1) an adaptive or protective device recommended by a physician or therapist when used as recommended; (2) safety equipment used by the general student population as intended (e.g. seat belts, safety harnesses on student transportation; or (3) assistive technology devices.

“Physical escort” means the temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a student who is acting out or eloping to walk to a safe location.

“Physical restraint” means the use of person-to-person physical contact to restrict the free movement of all or a portion of a student’s body. This would include, for example, the act of preventing a student from leaving an enclosed space for safety purposes. It does not include briefly holding or hugging a student without undue force for instructional or other purposes, briefly holding a student to calm them, taking a student’s hand to transport them for safety purposes, physical escort, intervening in a fight, or carrying a student when developmentally appropriate to do so.

“Positive Behavior Supports” means comprehensive, school-wide procedures applied in a proactive manner that constitute a continuum of strategies and methods to support and/or alter behavior in all students.

“Safe Room placement” means the confinement of a student in an enclosed room without the use of locking hardware, with a staff member present in the room with the student. Safe Room placement also includes the confinement of a student alone in a room with a staff-engaged locking system where the student is constantly attended and supervised by school personnel through a window or other viewing device. Safe Room placement does not include supervised in-school suspension, detention, or timeout/time away used as disciplinary consequences in accordance with the district’s student discipline code.

“School personnel” means
  o Employees of a local board of education.
  o Any person, paid or unpaid, working on school grounds in an official capacity.
  o Any person working at a school function under a contract or written agreement with the school system to provide educational or related services to students.
  o Any person working on school grounds or at a school function for another agency providing educational or related services to students.

“Seclusion” means the confinement of a student alone and unattended in an enclosed space from which the student is physically prevented from leaving by locking hardware. Seclusion does not include situations where a student is alone in a locked room if the student is constantly attended and supervised by school personnel through a window or other viewing device.
“Section 504 Plan” means a student’s individualized plan developed by the student’s Section 504 multidisciplinary team after a pre-placement evaluation finding the student is disabled within the meaning of Section 504 and its implementing policy.

“Student Support Plan” sets forth specific behavior interventions and/or supports for a specific student who displays chronic patterns of problem behavior.

“Time out” means brief removal from sources of reinforcement within instructional contexts that does not meet the definition of seclusion or Safe Room placement. Time out includes both of the following:
   a) Non-exclusionary time out: removal of reinforcers from the student without changing the physical location of the student (e.g., asking the student to put his/her head down on the desk); and
   b) Exclusionary time-out: removal of the student from participation in an activity or removal from the instructional area.

Use of Restrictive Behavioral Interventions:

Time-Out
Nothing in this policy is intended to prohibit the use of time-out as defined in this section.

Seclusion
Seclusion as defined in this policy is strictly prohibited.

Use of Aversive Interventions
Aversive interventions will only be used in accordance with this policy. District personnel shall never use aversive interventions that compromise health and safety.

   o Safe Room Placement
Safe Room placement, as defined in this policy, may only be used by authorized school personnel, as defined in this policy.

At the time a student’s Individualized Education Program (IEP), Section 504 plan, BIP, or other parentally agreed-upon plan to address a student’s behavior is developed, the parent/guardian will be provided with a permission form regarding the use of the Safe Room.

If a student’s parent/guardian has not had the opportunity to sign the permission form because no IEP, Section 504 Plan, BIP, or other parentally agreed-upon plan to address a student’s behavior is in place for the student, the following procedure will take place if deemed necessary by school personnel:
The classroom will be cleared of all other students and the student’s behavior will be managed in that room, if appropriate;

- The student will be disciplined in accordance with the student discipline code;
- A parent/guardian will be notified of the need to clear the classroom due to the student’s behavior and of the discipline imposed;
- A behavior team meeting will take place within five (5) school days following the incident and a BIP or other parentally agreed upon plan will be developed for the student, if necessary.

If a student’s parent/guardian has signed the permission form, the Safe Room will be utilized for that student if necessary and a staff member will be present in the room with the student at all times unless one of the following escalations in conduct occurs: (1) the student becomes physically violent; (2) the student expels bodily fluids; or (3) the student begins disrobing. If any of these escalated behaviors occurs, the staff member will leave the room, utilize the staff-engaged locking system, and supervise the student through a window or other viewing device.

If a parent chooses not to give permission for his/her student to be placed in the Safe Room, the following procedure will take place if deemed necessary by school personnel:

- The student will be taken to the Recovery Room;
- The Recovery Room will be cleared of all other students;
- The student’s parent/guardian will be notified of the behavior issue and will be required to pick-up the student from school;
- Law enforcement officials will be notified if an assault or other crime has occurred and charges may be pressed against the student; and
- If the parent/guardian of the student fails to pick-up the student within thirty (30) minutes of receiving notification of the behavior issue (or if the parent/guardian cannot be reached upon reasonable attempts by school personnel) and it is determined that an emergency situation exists, the student will be placed in the Safe Room.
- The parent/guardian will be responsible for any and all damage to property caused by their student during the incident.

Use of Safe Room placement requires all of the following:

- The student to be monitored by an adult in close proximity who is able to see and hear the student at all times. Monitoring shall be face-to-face unless personal safety of the child or staff member is significantly compromised, in which case technology-supported monitoring may be utilized.
- The total time in Safe Room placement is to be reasonably calculated by District personnel on a case-by-case basis based on the age of the child and circumstances, and is not to exceed 40 minutes without a reassessment of the situation and consultation with parents and/or administrative staff, unless otherwise specified in an IEP or Section 504 Plan or other parentally agreed-upon plan to address a student’s behavior.
Safe Room placement shall never be used as a form of punishment or for the convenience of school personnel.

- **Physical Restraint**
  Physical restraint shall only be used in one of the three circumstances below:
  o In an emergency situation as defined in this policy;
  o When less restrictive measures have not effectively de-escalated the situation; or
  o When otherwise specified in an IEP, Section 504 Plan or other parentally agreed-upon-plan to address a student’s behavior.

  Physical restraint shall:
  o Only be used by authorized school personnel as defined in this policy.
  o Only be used for as long as necessary to resolve the actual risk of danger or harm that warranted the use of the physical restraint;
  o Use no more than the degree of force necessary to protect the student or other persons from imminent physical harm [or harm to property];
  o Not place pressure or weight on the chest, lungs, sternum, diaphragm, back, neck or throat of the student which restricts breathing; and
  o Only be done by school personnel trained in the proper use of restraint.

  Any school personnel using physical restraint shall:
  o Use only methods of restraint in which the person has received district approved training.
  o Conduct restraint with at least one additional adult present and in line of sight, unless other school personnel are not immediately available due to the unforeseeable nature of an emergency situation.

Physical restraints should never be used as a form of punishment or for the convenience of school personnel.

- **Mechanical Restraint**
  Mechanical restraint shall only be used as specified in a student’s IEP, Section 504 plan,
BIP, or other parentally agreed-upon plan to address a student’s behavior with the exception of mechanical restraints employed by law enforcement officers in school settings used in accordance with law enforcement policies, procedures, and appropriate professional standards.

- **Chemical Restraint**
  Chemical restraints shall never be used by school personnel.

### Communication and Training

- **School Personnel Meeting**
  Following any situation involving the use of Safe Room placement or restraint, as defined in this policy, a meeting shall occur as soon as possible but no later than two (2) school days after the emergency situation. The meeting shall include, at a minimum, a discussion of the events that led to the emergency and why the de-escalation efforts were not effective; any trauma reactions on the part of the student, other students or school personnel; what, if anything, could have been done differently; and an evaluation of the process.

- **Parental Notification**
  Except as otherwise specified in a student’s IEP, Section 504 plan, BIP, or other parentally agreed-upon plan to address a student’s behaviors:

  Following a situation involving the use of restraint or use of the Safe Room where the staff member was required to leave the room due to escalated behaviors, the parent or guardian of the student shall be notified through verbal or electronic means of the incident as soon as possible, but no later than the end of the day of the incident unless circumstances render it unreasonable or impossible to notify the parent or guardian by the end of the day in which case the parent or guardian shall be notified through verbal or electronic means of the incident no later than noon of the next day.

  - The parent or guardian shall receive a written report of the emergency situation within five (5) school days of the incident. The written incident report shall include all of the following:
    - Date, time of day, location, duration, and description of the incident and de-escalation interventions.
    - Event(s) that led up to the incident.
    - Nature and extent of any injury to the student.
    - Name of a school employee the parent or guardian can contact regarding the incident, and contact information for that employee.

- **Staff Training**
  School districts shall ensure that all school personnel are trained annually regarding the
policy and procedures involving the use of seclusion, Safe Room placement and restraint.

**Students with Disabilities**
The foregoing policy applies to all students. However, if the IEP or multi-disciplinary team determines that a form of restraint, Safe Room placement, or aversive behavior intervention may be appropriate in certain identified and limited situations, the team may set forth the conditions and procedures in the IEP or Section 504 plan. Any use of restraint, Safe Room placement, or aversive behavior interventions must be limited to what is set forth in the IEP or Section 504 plan unless otherwise provided for in this policy. Before adding the use of restraint, Safe Room placement, or aversive behavior interventions to an IEP or Section 504 plan, the student must have undergone appropriate assessments which may include, but are not limited to, a functional behavior assessment, a review of existing data, and formal assessment observations. The plan must outline preventative techniques, de-escalation strategies, and the development of coping strategies, and the preventative techniques should support the elimination of the use of restraint, Safe Room placement, or aversive behavior intervention over time.

**Reports on Use of Safe Room Placement, Restraint or Aversive Behavior Interventions**
The District will maintain records documenting the use of Safe Room placement and restraint showing each of the following: when they were used, reason for use, duration of use, names of school personnel involved, whether students or school personnel were injured, name and age of the student, whether the student has an IEP, Section 504 plan, Behavior Intervention Plan (BIP) or other personal safety plan when the parents were notified, if the student was disciplined, and any other documentation required by federal or state law.

**Applicability of this Policy**
This policy applies to all district school personnel. School personnel assigned to programs not located on district premises (hospitals, detention centers, juvenile facilities, and mental health facilities) shall follow the policy and procedure of the facility/program where they work.

Employment Procedures

Policy 4120 states, “Any requests for information regarding former employees must be addressed to the Human Resources office. Performance Evaluation

Communication with Students by Electronic Media

Employee personal communication with students in all forms including oral and nonverbal must be professional and respectful and consistent with Board policy. All communications between employees and students must be consistent with a teacher-student relationship. Communication shall be deemed to be inappropriate if such communication is sexual in nature, is sexually suggestive, suggests romantic activity with student or students, occurs at an inappropriate time or place, or is otherwise inconsistent with Board policy. Violation of this provision will result in disciplinary action up to and including dismissal.

Communications between employees and students will be primarily direct, oral or written in nature. Employees are strictly prohibited from engaging in Private Electronic Communications with students, as defined in Regulation 4650. As specified in Regulation 4650, the term “Private Electronic Communications” includes communicating with students on social networks, websites, or webpages that are not accessible to the public, e-mailing with students, and texting students. This prohibition does not preclude Private Electronic Communications between employees and their siblings and children who may be district students.

The district will provide official electronic media which may be utilized by teachers and coaches for communication with students for dissemination of school related information (i.e., homework, practice schedules, supplemental instructional material) and for collaborative tasks.

Policy 4720
Separation

**Suspension or Termination: Non-Certificated Staff**

Policy 4720 Suspension or Termination: Non-Certificated Staff may be accessed on the district website.
Several areas have been addressed by the Safe Schools Act of 1996. Amendments were added in 1997 and 2000. Items discussed below pertain to classroom and staff issues, in particular. The full Safe Schools Act is on file at Central Office and in the office of the Director of Emergency Preparedness.

1. **School Discipline Policies**
   - School districts must establish a written discipline policy, including a district statement of district position on corporal punishment.
   - Provide copy to parents and students (school handbook, district calendar, etc.).
   - All employees will receive instruction in the contents and use.

2. **Reporting requirements**
   Administrators are required to report acts of violence. These include, but are not limited to, felony acts such as murder, kidnapping, assault, forcible rape and sodomy, burglary, robbery, distribution of drugs, arson, manslaughter, felonious restraint, property damage, and possession of a weapon. The administrator must report such infractions to the superintendent and a law enforcement agency if the act, if committed by an adult, would be an assault or possession of a controlled substance or weapon.

   A teacher or school employee must immediately report an assault to the principal. The employee must also report the finding of a weapon or controlled substance. (The good faith reporter will not be civilly liable for providing such information to the police.) To not report (willful neglect or refusal to report) is a crime.

3. **Definition of a weapon**
   These items include, but are not limited to, firearms, blackjacks, explosives, firearm silencer, gas gun, knife, knuckles, machine gun, projectile weapon, rifle, shotgun, spring gun and/or switchblade knife.

4. **Penalties for possession of a weapon**
   The discipline policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school in violation of district policy, except that: the superintendent may modify each suspension on a case-by-case basis; and this shall not prevent the district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

5. **Removal of students**
   Immediate removal may be taken by principal, superintendent, or school board that the student poses a threat of harm to others as evidenced by poor conduct, past actions, criminal court records, or juvenile records.

6. **Miscellaneous**
   Assault while on school property is defined and classified as a Class D felony. Drug-free school zones are within 2000 feet of public school property. Distribution of drugs near schools is a
Class A felony. Crime of making a false bomb threat has been changed to a Class D felony.
Crime of Making a Terroristic Threat, 574.150RSMo.2000: A person commits the crime of
making a Terroristic Threat if he communicates a threat to commit a felony, makes a knowingly
false report concerning the commission of any felony, or knowingly makes a false report
concerning the occurrence of any catastrophe to frighten or disturb 10 or more people (Class C
felony), to cause the evacuation or closure of any building, inhabitable structure, place of
assembly or transportation facility (Class C felony) or with reckless disregard of the risk of
caus[ing] the evacuation or closure of any building, inhabitable structure, place of assembly or
transportation facility (Class D felony).
