

ELA Virtual Learning

# English I

April 20th, 2020

9th Grade/English I  
Lesson: April 20th, 2020

**Objective/Learning Target:**

- I can analyze a text by citing textual evidence to support my interpretation of what the text says.
- I can follow a writing process to produce clear and coherent writing.

# Bell Ringer

Technology is an ever-changing field that is constantly advancing. In 2-3 complete sentences, explain how you think the advancement of technology is changing our current society.

# Learn

Citing information from the text to support your analysis of the text is important because it provides evidence to support your claim. Your claim is weakened when you don't provide evidence from the text to support it. Watch the linked video for a refresher on citing textual evidence.

- [Citing Textual Evidence](#)

Read and annotate the following article about technology. Use the annotation guide to help you annotate the article. I recommend printing out the article if you have the means to do so, so you can create your annotations on paper.

- [Annotation Guide](#)
- [Will Computers Edge People Out of Entire Careers?](#) - There is an audio version of the article linked on the webpage.

# Practice

Please complete the assignment attached below. For the assignment, you will be answering questions about the article you read, using textual evidence to support your answers/claims. I recommend using your annotations to help you answer the questions as well.

- [Will Computers Edge Out Entire Careers? Questions](#)

# Practice

After you have completed the written response, use this guide and the answer key to check your answers.

- Did you use complete sentences?
- Did you proofread your work?
- Did you address all parts of the question?
- Did you use textual evidence on questions that asked for it?

[Answer Key](#)

# Additional Learning (Optional)

If you want to learn more, check out the [linked YouTube](#) video about the relationship between jobs and technology.
