READERS' CHALLENGE Upload your images to photoshopcreative.co.uk

We challenged you
In issue 155, we challenged you to get creative with these four images. You were allowed to use any or all of the pictures, and whatever other resources you chose. Here's what you created.

Challenge entries
The best entries and overall challenge winner

1 Corine Spring
Drizzle
All of the challenge images supplied were added into this composition for the final result. The colour palette was extremely important when it came to creating the dark mood of this entry.

2 Pamela Woerst
Ray Of Light
This entry was created with some of the supplied images of the challenge, plus a few others from free stock photo site Unsplash, to create a lighthouse composition.

3 Randolph Asaki
Bubbly Girl
All the supplied files were incorporated using layers and masks. The cake and the beach form the basis, with the girl appearing in each bubble combed into the image.

4 Trevor Budd
Wish, King Quert
The concept was to combine all four photos from the challenge and give the image a 1960s fun feel with big hair! Everything was made just using the images supplied.

Task #1: Look over the above image, how is it different than the other challenge you looked at the day before?

Task #2: Start editing the best example of each of the subject matter you took the previous day. You may use default edit on your cellphone, computer or an app.

****Edit gently-just adjust exposure and cropping.

Task #3: When you are finished gently editing, look over your results. If you are satisfied, store them where you can easily find them.
