

Art Virtual Learning

**11th-12th /AP Studio Art
Sustained Investigation
Art Work**

April 14th, 2020

11th-12th / AP Studio Art

Lesson: April 14th

Objective/Learning Target:

Work on creating art in YOUR sustained investigation, whether by sticking to the plan you had in place for showing growth/story line **or** adapting to a new idea. Make sure you are showing your skill set in what ever material you are working with and the composition is solid. Follow the same criteria as you normally would on the score guides for each final piece produced.

April 14th

Objective: Work on creating art in YOUR sustained investigation, whether by sticking to the plan you had in place for showing growth/story line **OR** adapting to a new idea. Make sure you are showing your skill set in what ever material you are working with and the composition is solid. Follow the same criteria as you normally would on the score guides for each final piece produced.

Bell Ringer:

Tuesday- What does the viewer see? Give the facts seen in your piece of work. Subject matter? What are some of the dominant shapes, expressive forms, color schemes, and textures that carry significance in the work?

Task #1: student is to do their art in their sustained investigation. 30-45 min work time.

Task #2: For students taking the exam

1. Those submitting for AP exam make sure you are uploading your finished images to **apstudio.ets.org** as best you can if you have them. After taking pic on your cellphone (those doing non digital or photos) you may edit the image by cropping, adjusting exposure so it looks like what you see in the real world. If you do other alterations in an editing program you must call the work mixed media.
2. I have sent to those enrolled to take the exam an email with what work I could get quickly. I have also saved some digital work to a google share folder-all work was flattened and saved as JPEG ready to upload to the **apstudio.ets.org** site/location you save work to-the one I had everyone make an acct for, remember?

Notes:

1. For those taking/submitting for the exam I am able to use our Google Classroom to communicate with you. The exam has changed in your favor!!! This is good news. Please go to our Google Classroom or Google chat (if you are able) to see the announcement of how we will proceed). **THEY HAVE MADE IT SO MUCH EASIER!!!**
2. <https://apcentral.collegeboard.org/about-ap/news-changes/coronavirus-update>

Task#3: Optional-post any of your finished art work/photos that are appropriate/**PG rated**, if you will, on Twitter (the only social media I can use with all of you as my account is not private-admin follow me). When you post/add a tweet, please add @karenmcamp

This is my professional Twitter acct.

Tips/supplements/resources for the week April 13-17th:

1. For photographers looking for a different way to edit photos not on a cellphone app.
<https://www.blender.org/download/>

If you are able to download/install on your personal electronic device, check it out it does have several similar features of Photoshop.

2. Drawing the human form, draw along, might be a bit too basic for some of you but couldn't hurt if you need a refresher or to see how someone else/professional does it.

<https://www.youtube.com/watch?v=V31wBZv-4ZQ>

Here is another option.

<https://www.youtube.com/watch?v=T5wMYCdFlu0>

Both of these videos you can draw along with them, so have paper and pencil ready.

You may have to copy and paste the URL address links to your computer, you may not be able to just click on them.
