Objective/Learning Target:

Work on creating art in YOUR sustained investigation, whether by sticking to the plan you had in place for showing growth/story line **or** adapting to a new idea. Make sure you are showing your skill set in what ever material you are working with and the composition is solid. Follow the same criteria as you normally would on the score guides for each final piece produced.

Task #1: Continue to work on YOUR sustained investigation whether it is in the same path you had before online school or if it has changed in a new direction due to the circumstances you now find yourself. Work 30-45 min daily.

Task #2: If you posted to the share AP studio art critique google slide, have you responded to any comments? Have you written comments to others? ***Link to share slide is posted in the stream in your google classroom. All classes are welcome to critique other students work as long as it's constructive, as practiced in class critiques.

**Supplemental resources for art ideas are on the following slides;
For Week April 20-24th:**

How to get background for paper that you might find interesting to draw on top of once dried.

Marbleize paper for backgrounds

You would need a tub of water, chalk, a plastic knife.

Example if you cannot access the link above:

Step 1 : Supplies: chalk, plastic knife, paper and tub of water

Step 2: Scrape off chalk into tub of water, it should float on top-you may use as many different colors as needed but at least have one cool and one warm color option.

Step 3: Gently lay paper on top of the chalk water.

Step 4: Carefully take off paper and lay flat to dry. **I used watercolor paper but use what you have.

Step 5: Finishing up. Once marbled paper is fully dry (Or maybe not if you wish to add more water color or brush colors around-your choice) Draw as you wish.

I used black pens of various widths & copic markers.
"Primary Virus" is what I call it.....it suited the mood I was feeling.
