Technical recommendations:

If using a desktop, the Recommended Browsers and Versions are
> **Firefox v. 41, Google Chrome v. 45, Safari 8 or below.**
• At this time, we believe that **Internet Explorer** may cause **image distortion** in the uploading process.
> • All portfolios will be viewed by the College Board Readers using the **Chrome browser**.

• **All images** must be submitted in **JPEG format** (file name followed by the extension **.jpg**) and **RGB color mode.**
• We **recommend** uploading files that are **72 pixels-per-inch (ppi)** because a higher resolution does not add clarity to images that are being viewed on a computer screen.
• We recommend that you **keep copies** of your **original** images.

2. If you need help sizing your images for upload, you may email them to me and I will run them through Photoshop and email them back to you. **IMAGES NEED TO BE AS STRAIGHT AS POSSIBLE AND FILL THE BOX.**
