Day Two: Creative Practice

Objective/Learning Target: After completing this activity, you will better understand typography and be able to create a unique and interesting typography design.

Requirements: Printed worksheet for the Alphabet 100 ([link here](#)) or plain paper, and a pencil.

Bellringer/Warm Up: Look at the examples you created yesterday. Do you see similarities? Can you come up with ideas completely different from anything you have created so far?

Instructions: Using the [template](#) from yesterday, or a plain piece of paper, create 25 more unique examples of the letter you have chosen.

Be as creative as you can, but keep the design closely resembling the intended character. For now, create only an additional 25 variations, and then stop.
