Day Five: Final Solution

Objective/Learning Target: After completing this activity, you will better understand typography and be able to create a unique and interesting typography design.

Requirements: Printed worksheet for the Alphabet 100 ([link here](#)) or plain paper, and a pencil.

Bellringer/Warm Up: Choose two kinds of ways to label favorite ideas and least favorites (for example, circle favorites and put a check mark next to least favorites). Use this system to identify at least five favorites, and eliminate five least favorites.

Instructions: Choose the variation that you feel is your favorite or most creative. Create a larger, more finished version (preferably in color, if you have the resources). You can use the square in the upper righthand corner of the template, or use your own paper. When finished, share your design using #isddoesart.
