

Intro to Visual Arts

Lesson Name: SIMPLE LINEAR PERSPECTIVE

Mrs. Messick, Mrs. Smith, Mrs. Flinton, Mr. Hansen, Mrs. Manco, Ms. Kroll

Monday 4/6/2020

Objective: Drawing Basic Shapes in Linear Perspective

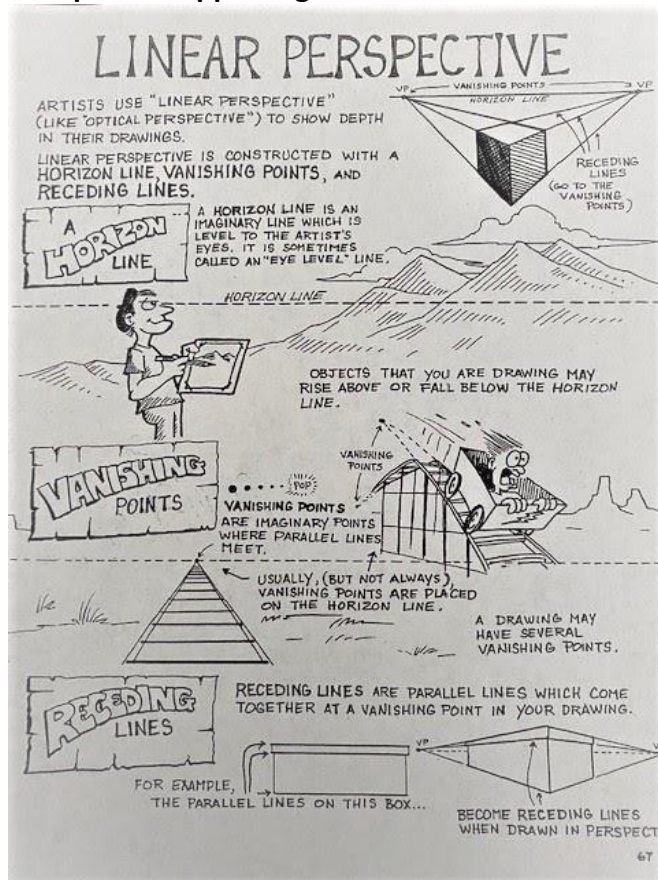

Students will work through a series of practice activities that will familiarize them with Optical and Linear Perspectives. Specific emphasis will be on horizon lines, vanishing points, receding lines, value, position, detail, size, and overlapping within the design. Students will, after working through a series of sketches and activities, create the interior of a cave using one-point perspective.

Requirements: Pencil, Paper, Ruler or Straight Edge (the side of a book, or folder can work)

Bell Ringer: Watch the Following YouTube Tutorial on One-Point Perspective:

<https://www.youtube.com/watch?v=bjhkxFDvD78>

Examples & Supporting Materials:

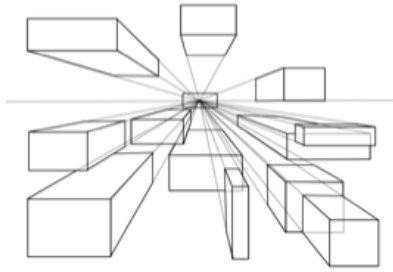

Task 1 Create a central dot (The Vanishing Point) on your page

Task 2 Draw a simple rectangle or square in the upper right or left hand corner

Task 3 Connect the corners of the rectangle or square to the central dot (The Vanishing Point) using your ruler or straight edge.

Task 4 Parallel the lines created in the rectangle or square to finish the shape. Continue to practice with several shapes that overlap. See Example and YouTube tutorial in Bell Ringer.

Example:

Check for Understanding:

Criteria 5: Student Reflection: Choose 2 prompts below and answer in 2 complete sentences.

1. What would you change with this work if you had a chance to do this piece over again?
2. What is one part of your artwork that you want people to notice when they look at your work?
3. How does your finished artwork tell a story?
4. Did you learn new techniques or processes as part of the work for this project?
5. Did you pick a material or technique that was new or different over something that was familiar?
6. I want to know more about...
7. I'm most proud of...
8. The most challenging thing was...
9. Next time I will remember to...
10. Now I know...
