

Intro to Visual Arts

Lesson Name: SIMPLE OPTICAL PERSPECTIVE

Mrs. Messick, Mrs. Smith, Mrs. Flinton, Mr. Hansen, Mrs. Manco, Ms. Kroll

Tuesday 4/7/2020

Objective: Drawing objects in simple Optical Perspective

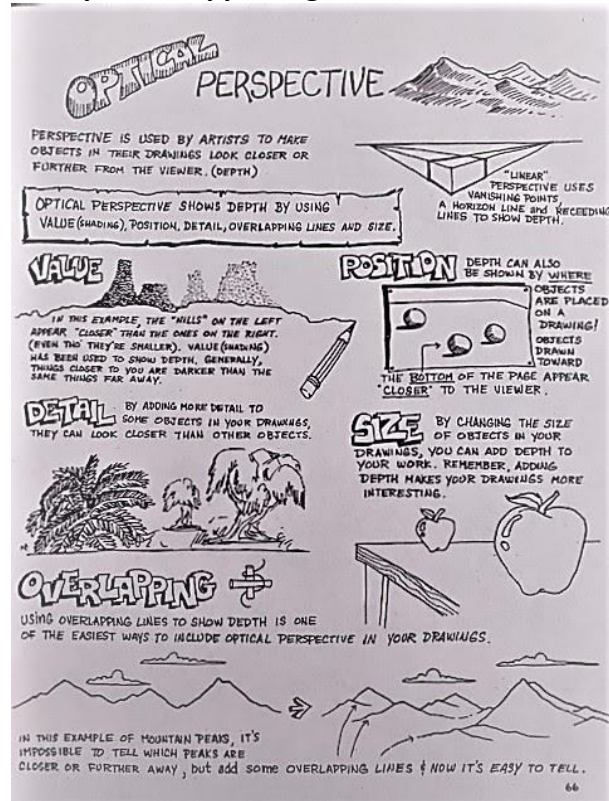

Students will work through a series of practice activities that will familiarize them with Optical and Linear Perspectives. Specific emphasis will be on horizon lines, vanishing points, receding lines, value, position, detail, size, and overlapping within the design. Students will, after working through a series of sketches and activities, create the interior of a cave using one-point perspective.

Requirements: Pencil, Paper, Ruler or Straight Edge (the side of a book, or folder can work)

Examples & Supporting Materials:

- Task 1** Draw one sketch using value optical perspective
- Task 2** Draw one sketch using positional optical perspective
- Task 3** Draw one sketch of overlapping optical perspective
- Task 4** Draw one sketch of size optical perspective

Example:

Notes: This will allow you to understand how to use the illusions and recognize what you may struggle with, and what is easier for you. Remember with practice and applying things slowly the easier it will be in your final work!

Check for Understanding:

Criteria 5: Student Reflection: Choose 2 prompts below and answer in 2 complete sentences.

1. What would you change with this work if you had a chance to do this piece over again?
