If you have access to any of these materials would be great: Paper, Brushes, collage elements, watercolor, ink pens and tempera paint.

- 1. Now you can begin your final composition. Make sure that you have watched the tutorials. You have to always remember that your pupil is always centered on your iris. This keeps it realistic otherwise it will throw it all off.**
- 2. Color or paint the final drawing if you have the supplies. This project looks great with just a pencil.**
- 3. Good luck and I'd love to see your finished product. Please reach out and send me a picture.**
