

**Painting II Virtual Learning**

# **Patterns in Nature**

## **Part II**

**May 22nd, 2020**

## 9-12th/Painting II

### Objective/Learning Target:

Students will be able to:

Demonstrate an understanding of working with nature in developing a repetitive design through the use of color and shape.

**Bell Ringer:** Find art materials that you may have around your house. Here is a link for possible ideas if you do not have painting items at home.

**Inspiration:** Photographer Adam Gibbs

<http://www.adamgibbs.com/gallery/patterns-in-nature/999/>

Painter Rachel Steely

<https://www.rachelsteely.com/portfolio/>

**Materials:** Any paint that you prefer, paper and brushes if you have these available. This can easily be done with a pen or pencil.

## Procedure:

1. Now you are ready to begin painting. Use whatever you have available and this can easily be done with just a pen or pencil.

2. Some tips for painting with watercolors:

-More water = lighter colors, less water = saturated colors, color + black = darker colors.

-If an area must be white, then leave it unpainted.

-Transparency can be done using more water and less pigment.

3. Tips for using a more opaque paint (ex: acrylic or tempera)  
Mix white with your colors for tints and darker colors (analogous or black) for shades.

4. Details will be added last.

\* Here are some examples and tutorials to get you motivated.
