

Sculpting 2

Unit Name: Mask Me COVID-19 style Challenge

Tuesday, April 28th (Day 2)

Mr. Bertoncin, Mrs. Flinton, Mrs. Manco

Objective:

- Students will analyze the social purpose and significance of masks.
- Students will become aware of the purposes of medical masks, various materials used regarding form and function.
- The student will increase his/her visual literacy by analyzing current trends in the fashion industry.

Requirements: Various recycled/found materials, fabric, paper, cardboard, paint, brushes, markers, foil, pipe cleaners, puff balls, scissors, pencils, a camera for documenting work, various cutting tools, glue or tape.

Bell Ringer/Let's Get Started: Read the following Articles:

[The History of Plague Dr. Costumes](#)

[Christian Siriano has become the face of a fashion industry](#)

[Charlie Hustle KC donating to essential workers](#)

Lesson Activity: After reading the articles please answer the following questions.

1. Have you heard about other artists or designers making masks and medical equipment?
2. What role do you think social media plays in fashion today?
3. What are some other ways fashion designers could expand their business from just designing clothing to helping the community?
4. Besides masks, what are some essential items that designers could make?
5. Do you think people would have more confidence if their mask was made by a famous designer or trending label like Charlie Hustle KC?

Check for Understanding:

Medical Masks are in short supply. Let's do our part to help out in our own artistic way. Start thinking about what kind of mask you will make. What kind materials or techniques are you going to use?

I want to know more about...

Now I know...
